

Heating Instructions

Whole Roasted Turkey or Whole Spiral Ham

- Pre-heat oven to 325°F
 - Leave turkey in the oven-roasting bag provided
 - Line a large baking pan with aluminum foil and place bagged turkey in it
 - Place in oven and heat until it reaches a minimum interior temperature of 140°F — about 90 minutes in standard oven, less in convection oven (use a meat thermometer to be certain)
 - Do not over-heat — turkey and ham are fully cooked
 - When heated thoroughly, remove turkey or ham from oven and let rest 15 minutes before carving
-

Roasted Turkey Breast or Sliced Ham

- Pre-heat oven to 325°F
 - Remove plastic lid from pan — place turkey or ham in the oven and heat until a minimum temperature of 140°F is reached — about 20 to 25 minutes in standard oven, less in convection oven
 - Do not over-heat — turkey and ham are fully cooked
 - Remove from oven and serve!
-

Gravy and Other Food in Plastic Containers

- Sides should be removed from plastic containers and heated on stovetop or microwave
 - Gravies **MUST** be heated in a saucepan — bring to a boil over a medium heat while stirring often
 - Be careful when handling hot gravies to avoid burns!
-

Side Dishes in Aluminum Containers

OVEN INSTRUCTIONS

- Sides packaged in aluminum containers may be heated in the oven — **NOT** in microwave!
- Pre-heat oven to 300°F and place container(s) on a baking sheet and heat for 45-60 minutes

MICROWAVE INSTRUCTIONS

- Place each item in a microwave-safe dish
 - Cover and rotate food when microwaving — heat until very hot, 165°F
-

Food Safety Recommendations

- Refrigerate all items not intended for immediate use as quickly as possible
 - Keep food protected by covering until consumed
 - All hot foods must be kept at 140°F or above until ready to be consumed
 - All cold foods should be refrigerated at 40°F or lower until ready to be consumed
 - Any food that sits between 40°F and 140°F for longer than two hours may be unsafe
 - Discard leftovers that are outside the above safe temperature range for more than two hours; refrigerate leftovers immediately
 - Reheat any refrigerated leftovers to 165°F
 - For best flavor, do not reheat any items more than one time
